HIGHLIGHTS OF THE WEEK
SPMS Biweekly e-Bulletin | 22 September 2017

PROFESSOR INSTALLATION CEREMONY

On 12 September, Robin Chi and Yu Ting were officially installed as full professors at the Professor Installation Ceremony. Prof Robin Chi also gave a thank you speech representing the newly installed professors of SPMS at the Celebratory Dinner.

OUR NEW NRF INVESTIGATORS

Our heartiest congratulations to A/Prof Sum Tze Chien (pictured left) and A/Prof Zhao Yanli on winning the National Research Foundation (NRF) Investigatorship! They are also the only winners from NTU.

The NRF Investigatorship provides opportunities for established, innovative and active mid-career scientists and researchers, in their mid-career, to pursue ground-breaking, high-risk research. It is designed to support a small number of excellent Principal Investigators who have a track record of research achievements that identify them as leaders in their respective field(s) of research.

ICUR-URECA 2017

On the 26 & 27 September 2017 in NTU, come and learn more about current topics in Chemistry, Physics, Mathematics and more at NTU from the research of international students in a professional video conferencing format. Attractive prizes will be given away!

START-UP VALIDATION WORKSHOP

DO YOU HAVE THE NEXT BIG IDEA?

Start-up validation workshop
How to develop your start-up idea

Session #1
2 Oct (8.45am - 5pm) & 3 Oct (8.45am - 12pm)
