SPMS Occupational Safety and Health (OSH) Policy

The School of Physical and Mathematical Sciences (SPMS) in recognizing its corporate responsibility commits to take all reasonably practicable means to provide a safe and healthy environment to all faculty, staff, partners, students and visitors. SPMS is committed to:

- Comply with Safety, Health & Environmental legislation in Singapore;
- Strive for continual improvements to the OSH management system (OSHMS) and with consideration to environmental sustainability;
- Proactive in managing risks to prevent incident and communicate requirements to relevant stakeholders;
- Inculcate the sense of shared stewardship for OSH matters among faculty, staff and students;
- Set OSH objectives and measure or evaluate such performances periodically;
- Provide appropriate OSH training, information and supervision for faculty, staff and students to work safely and reduce risks at source;
- Report and investigate promptly ALL incidents and accidents to determine the root cause(s) and take appropriate actions to prevent recurrence;
- Improve and continually review infrastructural facilities and research projects to address risks; and
- Provide appropriate resources to achieve the intent of this policy.
