

CBC SEMINAR ANNOUNCEMENT

Professor Jay S. Siegel
Dean Health Science Platform at Tianjin University, China

Silylcations and Novel Aromatics

The talk will cover our design of a system for characterizing silyl cations as super Lewis Acids and their development as catalysts for a "Friedel-Crafts" aryl coupling reaction involving C-F bond activation.

Date: 1st August 2019 (Thursday)
Time: 11.00am to 12.30pm
Venue: SPMS Graduate and Research
Conference Room
Host: Assistant Professor Mihaiela Stuparu
